

SuzENews from January 2008

Hello,

I pray that this finds you being blessed in 2008. It is a year of New Beginnings and Seasons. Can you believe that January is almost gone. I know for me personally as well as the ministry the year has begun differently from days gone by. You can not put NEW wine in a old wine skin. That can mean many things to us. Quit holding onto the past and look forward to the new day in Christ JESUS. Don't let the enemy steal your joy, peace and promises of God.

I am excited to see what God has in store for the ministry this year as I want to be flexible to move and be where HE wants me.

The first week of January I went to a conference called Starting the Year off Right. We need to set aside time for God at the beginning of the year and give HIM the time that is HIS. He deserves 10 percent of tithing,giving,time and fellowship. God has set aside this time for me to get some things in order. Praise God I have my taxes done and getting some filing done that I have put off and also worked on my 5th wheel.

There is a old saying give me roses while I live so I want had you a flowers today. Flowers of appreciation, gratitude, thankfulness and love. I have so many friends that I have meet as I travel across America seeing Gods hand at work. Without you this ministry would not be possible. THANK you for your prayers, love and support.

Please remember to send in your prayer requests as I love to pray for you.

Prayer Needs:

Next week I will be going to OK to have my teeth worked on.

Please be in prayer for Billie Kelly's family as I lost a dear friend this morning.

Pray for people to come to know the Lord

Strength and direction for each day

Financial support to keep ministry on the road

Help in learning Quicken books for the ministry

If Jesus was to call your name today would you be ready or would you even hear HIM calling? We are living in a day and hour we need to keep looking up as our REEDEMER is soon to return.

Blessings,

Suzy Gayle
